

Important Information About Your Biopsy or Excision

- Your specimen will be sent to a pathology lab.
- Results are typically available 5-7 days after your procedure.
- All results will be published to your patient portal (instructions below).
- If result is benign, you typically will not receive a call from our office.
- If result requires further treatment, our office will contact you before publishing your results to your patient portal.

Logging Into your Patient Portal

1. Access your patient portal at: <https://westlake.ema.md>
2. Visit <http://www.westlakedermatology.com/patient-portal-instructions/> for instructions on retrieving your username and password.
 - a. Your Patient ID was emailed to you in the confirmation email you received when your appointment was scheduled. You will need this ID in order to log in.
 - b. If you do not have this email, please call 512-328-3376 (option 2) for assistance retrieving your login information.

Retrieving Pathology Results

1. Once logged into your patient portal, click “Visit Info” under the Westlake Dermatology logo in the upper left corner of the portal page.
2. Click “Tests and Results” on the menu on the left side of the screen to view your biopsy results.
3. If you have a question, click the “Compose” link to access a secure email form. Use the drop-down menu to select your provider.
4. Your provider may also send a message to you with further information about your result. Messages can be viewed by clicking the “Contact Us” tab at the top of the portal page.
